market review and investment outlook

by Aviva Investors Asia Pte Ltd

During the first half of 2019, global equity markets recovered their late 2018 losses. The S&P 500 Index recorded a new all-time high in June. The recovery began in January when the US Federal Reserve signalled that it no longer expected to increase interest rates this year. Investors later became even more positive at the prospect of US interest rate cuts. The outlier month was May, when US-China trade tensions escalated leading to stock market volatility. Oil prices ignored the increasing tensions between the US and its allies with Iran and did not see panic buying or selling.

Globally, government bond markets also performed strongly due to the prospect of lower interest rates in the US, delays in European interest rate rises, and Japanese commitment to keep their rates at 0%. Corporate bond markets also made gains driven by the lower interest rate outlook and the lower borrowing costs this implies for companies. Corporate bond markets were also volatile in May due to setbacks in US-China trade talks affecting investors' sentiment.

In Asia-Pacific, the best performing equity markets were Australia, Thailand and Hong Kong, whilst the weakest markets were Malaysia, Korea and India. The Australian market was boosted by the surprise re-election of the coalition government in May, while the Thai market gained on optimism for its newly elected coalition government. In contrast, Malaysian markets lagged as international investors withdrew funds. Korean and Indian markets underperformed as investors were disappointed by weak corporate earnings.

Global economic indicators show risk of a slowdown in economic activity, although this is not evenly spread between the regions. The US economic environment remains broadly positive, while growth in Europe appears to be slowing. The important measure of business confidence in Germany declined sharply during the first half of the year, implying a weaker economy in future. In China, growth has been impacted by trade disputes with the US, affecting industry, and weaker spending by Chinese consumers. The high debt levels of Chinese regional government are a growing concern that could hit investor confidence in future.

important notes to the fund disclosures

1 Classification of investments by country, industry, asset class and credit rating

Please refer to the respective Underlying Funds' annual reports as the ILP sub-funds invest fully or jointly 100% of their assets into the Underlying Funds.

2 Fund performance

Fund performance figures are presented as at 30 June 2019; on bid-to-bid basis with dividends reinvested at the bid price and in Singapore dollar terms.

Source of fund performance - Aviva Ltd

Source of benchmark performance - Fund Manager of Underlying Fund

3 Top 10 holdings

Top 10 Holdings are presented as at 30 June 2019 and 30 June 2018. In the event that these holdings are not available as at the date of this report, they will be represented by the latest available information.

4 Expense ratio

Expense ratios are presented for the 12 months ended 30 June 2019 and for the 12 months ended 30 June 2018. In the event that these ratios are not available as at the date of this report, they will be represented by the latest available period of information.

For the ILP sub-funds: The expense ratio does not include (where applicable) charges for insurance coverage, brokerage and other transaction costs, performance fee, foreign exchange gains or losses, front or back end loads arising from the purchase or sale of collective investment schemes, tax deducted at source or arising out of income received, dividends and other distributions paid to unit holders.

For the Underlying Funds: The expense ratio is calculated in accordance with the IMAS guidelines on the disclosure of expense ratios. It does not include (where applicable) brokerage and other transaction costs, interest expense, foreign exchange gains/losses, front or back end loads arising from the purchase or sale of other funds and tax deducted at source arising out of income received. It is calculated by dividing expenses by daily average NAV, and multiplied by the appropriate factor to annualize the figure and should be disclosed as a percentage.

5 Turnover ratio

Turnover ratios are presented for the 12 months ended 30 June 2019 and for the 12 months ended 30 June 2018. In the event that these ratios are not available as at the date of this report, they will be represented by the latest available period of information. Where the ILP sub-fund invests 100% of its assets into the Underlying Fund, the turnover ratio for that ILP sub-fund follows that of its Underlying Fund's. For ILP sub-fund that does not 100% feed into an underlying, refer to the respective ILP sub-fund for the turnover ratio.

FINANCIAL STATEMENTS

NOTES TO THE FINANCIAL STATEMENTS

These notes form an integral part of and should be read in conjunction with the financial statements:

1. Summary of significant accounting policies

- 1.1 The financial statements are prepared under the historical cost convention except for investments, which are stated at the market value.
- 1.2 Interest income from investments is recognised on an accrual basis. Dividends are credited to income when the right to receive payment is established.
- 1.3 Expenses are recognised on an accrual basis. The management charges due to the underlying fund houses are taken up as net appreciation/(diminution) in value of investments.
- 1.4 Equity and unit trust investments are recognised on trade date and valued at the closing market prices as at 30 June 2019.
- 1.5 Debt securities are recognised on trade date and valued inclusive of accrued interest at bid price from financial institutions as at 30 June 2019.
- 1.6 At 30 June 2019, there were no contingent liabilities or commitments.
- 1.7 The financial statements are stated in Singapore dollars.
- 1.8 Monetary assets and liabilities in foreign currencies are translated into the presentation currency at exchange rates approximately to those ruling at the balance sheet date. Transactions in foreign currencies are translated at rates ruling on transaction dates. Exchange differences are taken to the Capital Account under net appreciation/(diminution) in value of investments during the period.
- 1.9 The cost of disposal is determined on an average cost basis. For Balanced Growth, Capital Growth and Income Growth ILP sub-funds, the gains and losses are taken to the Capital Account under net realised gain/(loss) on sales of investments. Gains and losses on disposal of other ILP sub-funds are taken to the Capital Account and recognised in net appreciation/(diminution) in value of investments during the period.
- 1.10 Tax deducted at source is charged to the Capital Account. Any recoveries of tax deducted at source are credited to the Capital Account when received.

INDEPENDENT AUDITOR'S REPORT

INDEPENDENT AUDITOR'S REPORT TO AVIVA LTD

Our Opinion

In our opinion, the accompanying financial statements of the investment-linked sub-funds (the "ILP Sub-Funds", the list of the funds is set out in Note 2) of Aviva Ltd (the "Company") for the financial year ended 30 June 2019 are prepared, in all material respects, in accordance with the stated accounting policies as set out in Note 1.

What we have audited

The financial statements of the ILP Sub-Funds comprise:

- the Statement of Assets and Liabilities as at 30 June 2019;
- the Capital Account for the financial year then ended; and
- the notes to the financial statements, including a summary of significant accounting policies.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code.

Emphasis of Matter – Basis of Accounting and Restriction on Distribution and Use

We draw attention to Note 1 to the financial statements which describes the basis of accounting. The financial statements are prepared to assist the Company to comply with MAS Notice 307 Investment Linked-Life Insurance Policies. As a result, the financial statements may not be suitable for another purpose. This report is intended for the sole benefit and use of the Company and is not intended to nor may it be relied upon by any other party, other than the Company. We accept no liability or responsibility to any other party to whom this report is disclosed or otherwise made available to. This report relates solely to the financial statements of the ILP Sub-Funds of the Company and does not extend to the financial statements of the Company taken as a whole. Our report is not modified in respect of this matter.

Other Information

Management is responsible for the other information. The other information comprises the relevant sections of the annual report included in pages 1 to 53, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Management and Directors for the Financial Statements

Management is responsible for the preparation of these financial statements in accordance with the accounting policies set out in Note 1, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the ILP Sub-Funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to terminate the ILP Sub-Funds or to cease the ILP Sub-Funds' operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the ILP Sub-Funds' financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ILP Sub-Funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the ILP Sub-Funds to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
