Conflicts of Interest

The Company, the Management Company, the Depositary, the Registrar and Transfer Agent and any of the Investment Managers, Investment Advisors, Paying and Information Agent or Distributors may each from time to time act in such capacity in relation to, or be otherwise involved in, other funds which have similar investment objectives to those of the Sub-Funds. It is, therefore, possible that any of them may, in the course of business, have potential conflicts of interests with one or more of the Sub-Funds.

Dealings will be deemed to have been effected on normal commercial terms if: (i) a certified valuation of a transaction by a person approved by the Depositary as independent and competent is obtained; (ii) the transaction is executed on best terms on an organised investment exchange in accordance with the rules of such exchange; or (iii), where (i) and (ii) are not practical, the transaction is executed on terms which the Depositary is satisfied are normal commercial terms negotiated at arm's length.

Conflicts of interest may arise as a result of transactions in derivatives, OTC derivatives and efficient portfolio management techniques and instruments. For example, the counterparties to, or agents, intermediaries or other entities which provide services in respect of, such transactions may be related to the Management Company, any Investment Manager or Investment Advisor or the Depositary. As a result, those entities may generate profits, fees or other income or avoid losses through such transactions. Furthermore, conflicts of interests may also arise where the collateral provided by such entities is subject to a valuation or haircut applied by a related party.

The Management Company has adopted a policy designed to ensure that its service providers act in the Sub-Funds' best interests when executing decisions to deal and placing orders to deal on behalf of those Sub-Funds in the context of managing the Sub-Funds' portfolios. For these purposes, all reasonable steps must be taken to obtain the best possible result for the Sub-Funds, taking into account price, costs, speed, likelihood of execution, order size and nature, research services provided by the broker to the Investment Manager or Investment Advisor, or any other consideration relevant to the execution of the order. Information about the Management Company's execution policy and any material change to the policy are available to Shareholders at no charge upon request.

If arrangements for borrowing or making deposits by any of the Sub-Funds are made with any of the Depositary, Management Company or Investment Managers or any of their connected persons, such person shall be entitled to retain for its own use and benefit any profits which may be derived from such an arrangement. However, the terms for such transactions must be negotiated at arm's length in accordance with ordinary normal course of business and the arrangement shall be in the best interests of the Shareholders. In addition:

- the interest charges on borrowing arrangements with such persons and the fees (if any) for arranging or terminating the arrangement shall be at a rate not higher than is in accordance with normal banking practice, the commercial rate for borrowing arrangements of that similar type, size and nature; and
- the interest received on deposits placed with such persons shall be at a rate not lower than is in accordance with normal banking practice, the commercial rate for a deposit of that similar type, size and term.

Subject to the prior written consent of the Depositary, the Management Company, any Investment Manager, the Directors or any of their connected persons may deal as principal with any Sub-Fund and shall not be liable to account either to each other or to the relevant Sub-Fund or any of its Shareholders for any profits or benefits made or derived from such transactions provided always that such transactions are transacted and executed at arm's length and in the best interest of the Shareholders. If such transactions are entered into, they shall be disclosed in the annual report of the Company.
