Further Information

Refer to “Investment objective and policy” of the Underlying Fund’s Prospectus for further information on sub-fund suitability.

KEY FEATURES OF THE SUB-FUND

WHAT ARE YOU INVESTING IN?

- You are investing in a ILP sub-fund that feeds 100% into an Underlying Fund of an open-ended investment company established in Luxembourg as a SICAV (société d’investissement à capital variable.).
- The Underlying Fund aims to achieve capital growth over the long term.
- The Underlying Fund is classified as an ESG Fund (as defined in the MAS Circular CFC 02/2022: Disclosure and Reporting Guidelines for Retail ESG Funds).
- Dividends paid out from the Underlying Fund may be declared yearly, quarterly or monthly and made out of net income, gross income and/or capital. Distributions are not guaranteed and will normally reduce the Underlying Fund’s NAV. Distributions out of capital may amount to a partial return of your original investment and may reduce future returns.
- Dividends paid out from the Underlying Fund will be allocated to You by allocating additional Units of the relevant distribution class Fund to the Policy. Units of the relevant ILP sub-fund will be allocated by the reinvestment of the dividends, as and when paid by that Underlying Fund, into the same Underlying Fund at the Unit Price. The additional Units will be allocated to Your Policy.

Refer to “Investment Objective and other considerations” in the Underlying Fund’s Prospectus for further information on the features of the sub-fund.

¹ For ILP sub-fund that feed 100% into an underlying CIS fund, some of the information provided below could be similar to the underlying CIS fund.

² In order for units in the ILP sub-fund to be classified as Excluded Investment Products, the investment objectives and investment focus of the ILP sub-fund, and investment approach of the manager have to be stated in the product summary:

- (a) to invest only in deposits or other Excluded Investment Products; and
- (b) not to engage in securities lending or repurchase transactions for the ILP sub-fund.

The definition of “Excluded Investment Product” can be found in Annex 1 to the Notice on Recommendations on Investment Products [Notice No. FAA-N16] at <https://www.mas.gov.sg/regulation/notices/notice-faa-n16>

Investment Strategy

This region includes countries that are considered as emerging markets. The Underlying Fund may also invest in money market instruments on an ancillary basis. The fund invests at least 70% of its assets in securities of issuers with favourable environmental, social and governance (ESG) characteristics and up to 30% in securities of issuers with improving ESG characteristics. The Underlying Fund may invest in the following assets according to the percentages indicated: <ul style="list-style-type: none"> less than 30% of its assets (directly and/or indirectly) in China A or B Shares (in aggregate) SPACs: less than 5% The Underlying Fund's largest ten holdings may account for 50% or more of its assets, resulting in portfolio concentration. The Underlying Fund may use derivatives for hedging, efficient portfolio management and investment purposes. 	<p>Refer to "Investment Objective and other considerations" of the Underlying Fund's Prospectus for further information on investment strategy of the sub-fund.</p>
Parties Involved	
<p>WHO ARE YOU INVESTING WITH?</p> <ul style="list-style-type: none"> The Underlying Fund is a sub-fund of Fidelity Funds("SICAV"). The Manager is FIL Investment Management (Luxembourg) S.A. The Investment Manager is FIL Fund Management Limited, who may sub-delegate the investment management of the Underlying Fund to one or more sub-managers (including any of their branches) within or outside of the FIL Group as stated in the Underlying Fund's Prospectus. The Custodian is Brown Brothers Harriman (Luxembourg) S.C.A. 	<p>Refer to "Management and Administration" of the Underlying Fund's prospectus for further information on the roles and responsibilities of these entities and what happens if they become insolvent.</p>
KEY RISKS	
<p>WHAT ARE THE KEY RISKS OF THIS INVESTMENT?</p> <p>The value of the ILP sub-fund may rise or fall. The following key risk factors may cause you to lose some or all of your investment:</p>	<p>Refer to "Risk Factors" of the Underlying Fund's Singapore Prospectus for further information.</p>
Market and Credit Risks	
<p>You are exposed China risk.</p> <ul style="list-style-type: none"> The legal rights of investors in mainland China are uncertain, government intervention is common and unpredictable, some major trading and custody systems are unproven, and investments are likely to have comparatively high volatility and reater liquidity and counterparty risks. <p>You are exposed to concentration risk.</p> <ul style="list-style-type: none"> Focusing on any company, industry, sector, country, region, type of stock, type of economy, etc. makes the fund more sensitive to the factors that determine market value for the area of focus, which may result in higher volatility and a greater risk of loss. <p>You are exposed to emerging markets risk.</p> <ul style="list-style-type: none"> Emerging markets are less established, and more volatile, than developed markets. They involve higher risks, particularly market, credit, illiquid security, legal, custody, valuation and currency risks. <p>You are exposed to equities risk.</p> <ul style="list-style-type: none"> Equities can lose value rapidly, and typically involve higher market risks than bonds or money market instruments. <p>You are exposed to market risk.</p> <ul style="list-style-type: none"> Prices and yields of securities can change frequently with significant volatility based on a wide variety of factors, such as political and economic news, government policy and climate patterns. 	
Liquidity Risks

Product-Specific Risks

You are exposed to counterparty and collateral risk.

- A counterparty could be unwilling or unable to meet its obligations to the Underlying Fund. The value of collateral might not cover the full value of a transaction, or any fees or returns owed to the Underlying Fund.

You are exposed to currency risk.

- Any changes in currency exchange rates could significantly reduce investment gains or income, or increase investment losses.

You are exposed to derivatives risk.

- The value of derivatives can be volatile. Small movements in an underlying asset’s value can create large changes in the derivative’s value and expose the Underlying Fund to losses that could be greater than the cost of the derivative itself.

You are exposed to hedging risk.

- Hedging may not work as intended and involves costs, which reduce investment performance.

You are exposed to investment fund risk.

- Investing in an Underlying fund involves certain risks an investor would not face if investing in markets directly, such as large outflows, valuation error and investment limitations.

You are exposed to operational risk.

- The Underlying Fund could suffer losses due to errors, service disruptions or other failures, fraud, corruption, cyber crime, instability, terrorism or other irregular events.

You are exposed to sustainable investing risk.

- The Underlying Fund may underperform the market or other funds that do not apply sustainability criteria.

You are exposed to volatility risk.

- The Underlying Fund’s NAV has potential for high volatility due to its investment policy or portfolio management techniques.

VALUATIONS AND EXITING FROM THIS INVESTMENT

HOW OFTEN ARE VALUATIONS AVAILABLE?

All ILP sub-funds will be priced based on the frequency of the fund manager’s pricing. The fund prices are updated daily and are available at Singapore Life Ltd.’s website at www.singlife.com

HOW CAN YOU EXIT FROM THIS INVESTMENT AND WHAT ARE THE RISKS AND COSTS IN DOING SO?

- You can exit the ILP sub-fund by submitting a request for withdrawal or fund switching (i.e. switches) to Singapore Life Ltd.
- If your Policy is newly incepted, you may cancel the Policy by giving us written notice of cancellation provided that such notice of cancellation is received by Singapore Life Ltd. at its Registered Office within the free-look period, which is fourteen (14) days from the date on which you receive the Policy.
- Upon cancellation of the Policy, Singapore Life Ltd. will refund the premiums you paid (without interest) after deducting the expenses incurred in issuing the Policy. The refund will be made after we receive the original Policy for cancellation.
- If there has been a decline in the market value, we will deduct the amount necessary to reflect the change in market value. If there has been an increase in the market value following the date Singapore Life Ltd. accepts your request to cancel the Policy, we will not pay you for such increase or any gain.
- For subsequent withdrawal/surrender or fund switching, transaction requests will need to be received and accepted by Singapore Life Ltd.:
 - (a) before 12 noon (Singapore time) on a Business Day will be processed according to the Unit Prices of the relevant Funds and the exchange rates (if applicable) prevailing on the next appropriate Fund Valuation Date following the day Singapore Life Ltd. has accepted the request.
 - (b) after 12 noon (Singapore time) on a Business Day or on a non-business day will be considered as if received before 12 noon (Singapore time) on the following business day.
- The ILP sub-fund will have a single “dealing” price used for all switches and withdrawals/surrenders. There is no bid/offer spread.
- All ILP sub-funds will be priced based on the frequency of the fund manager’s pricing policy. As Units are cancelled using a forward price, the unit price for all switching and withdrawal of units will not be available at the time of receiving your application. This cut-off time stated is correct as at the time of print. Singapore Life Ltd. reserves the right to change the cut-off time by giving you thirty (30) days’ prior notice or any such shorter period of notice as Singapore Life Ltd. may agree with the relevant authorities.
- The Withdrawal Amount you will receive as part of a subsequent withdrawal is illustrated as follows:
 - For a partial withdrawal request of 1000 units of an investment-linked fund.
 - Assuming the unit price of the fund is S\$1.50:
The amount payable to the policyholder will be S\$1500, which is calculated as 1000 units x S\$1.50.

Refer to the Pricing of Units & Dealing Deadline, Fund Switching, Withdrawal/Surrender and Free Look sections of the Product Summary for further information.

APPENDIX: GLOSSARY OF TERMS

Business Day:	A day on which the banks in Singapore and Luxembourg are normally open for business.
FDIs:	Financial Derivative Instruments.
NAV:	Net asset value per share; the value of one share of a fund
PHS:	Product Highlights Sheet.
Prospectus:	Singapore Prospectus of Fidelity Funds.
SPAC	Special purpose acquisition company; a SPAC generally invests its assets in government securities, money market fund securities and cash, which is returned to shareholders in the event that the assets are not used to complete an acquisition within a specified period of time. SPACs and similar entities are listed shell companies without an operating history or ongoing business, other than seeking acquisitions, therefore the value of their securities is dependent on the ability of the entity's management to identify and complete an acquisition.
SICAV:	société d'investissement à capital variable.
Underlying Fund:	Fidelity Funds - Sustainable Asia Equity Fund A-SGD
Valuation Date:	Each weekday (any Monday to Friday inclusive) excluding 25 December ('Christmas Day') and 1 January ('New Year's Day') as well as any other day which the Directors have determined, in the best interests of the shareholders, as non-Valuation Dates for specific funds. Non-Valuation Dates may for example be any day observed as a holiday on a stock exchange which is the principal market for a significant portion of the investments attributable to a fund, or any day which is a holiday elsewhere so as to impede the calculation of fair market value of the investments attributable to a given fund, which may also include any day immediately preceding such relevant market closure where the dealing cut-off time of the relevant fund occurs at a time when the relevant underlying main market is already closed to trading and the following days are a period of consecutive market closure days.
