Would your family be able to finance their basic living expenses?

Protect

Take charge of your family's future

Simply apply for the Public Officers Group Insurance Scheme through one of these options:

1. Email: SRC@singlife.com
2. WhatsApp: 9238 7393
3. Visit: singlife.com/pogis

Important Notes:

1. Your spouse and children will be eligible to apply for cover if you, as an employee of a ministry or statutory board or organ of state, are insured under the plan. You will need to be insured under the term life coverage before your spouse and children can apply for cover under the plan.

To apply for the Critical Illness rider and the Early Critical Illness rider for your spouse and children, they must be insured with the term life coverage and you must be insured under the Critical Illness rider and the Early Critical Illness rider. Each individual's total sum assured for riders cannot exceed the sum assured for term life coverage. The sum assured for your spouse and each child cannot exceed your sum assured.

If you end your cover under POCIS or are no longer the employee of a ministry or statutory board or organ of state, the cover for you, your spouse and children will end. The cover for your spouse will also end if you are separated or divorced from your spouse.

2. POCIS is not available to full-time SAF servicemen (including Defence Executive Officer (DXO)), Police and SCDF personnel. Civilians working in these organisations may be covered under POCIS.
3. Public officers will be notified via a letter before they turn 65 years old, to opt in to extend their coverage (under "Extended Years Coverage") up to 75 years old. This also applies to the following groups of public officers who:
 - Leave the public service under age-limit/early/optional retirement;
 - Retire on medical grounds; or
 - Leave the public service under the Special Resignation Scheme, Special Exit Scheme and Special Gratuity Scheme.

Public officers can choose to extend their coverage beyond 65 years old without underwriting if the sum assured is not increased (subject to the maximum sum assured of S\$300,000). If the reduced sum assured results in a higher sum assured for your spouse, your spouse's sum assured will be reduced to the same amount as yours.

When the maximum age of 75 years old is attained during the policy year, the insurance cover will be terminated at the end of that prevailing policy year. Each policy year runs from 1 July to 30 June of the following year, regardless of the commencement date of the insured's cover.

Important notes: (cont'd)

4. The monthly premium of 41 cents per insured is for \$10,000 sum assured and assumes that each insured is 45 years old or below (age next birthday).
5. You and your legal spouse must be at least 16 years old at the point of application. The maximum age for you and your spouse to take up this policy is 64 years old and coverage will end when you or your spouse reaches 75 years old, if you or your spouse have opted in for the Extended Years Coverage. When the maximum age of 75 years old is attained during the policy year, the insurance cover will be terminated at the end of that prevailing policy year.
6. When the maximum age of 65 years old is attained during the policy year, the insurance cover will be terminated at the end of that prevailing policy year.
7. Your biological or legally adopted child must be at least 12 months old at the point of application. The maximum age for your child to take up this policy is 17 years old. Your child's cover will end when your child reaches 18 years old. When the maximum age of 18 years old is attained during the policy year, the insurance cover will be terminated at the end of that prevailing policy year. This plan does not cover any claim or loss arising from the insured taking part in full-time National Service.
8. A survival period of 30 days will apply from the date of diagnosis of the terminal illness.
9. In the event of total and permanent disability, an additional 1% of the sum assured will be payable monthly for the next 24 months, or up to 65 years old (or 75 years old if the insured has opted in for the Extended Years Coverage), or upon death of the insured, whichever is earliest.
10. Partial and permanent disability must happen within 365 days from the date of the accident. Please refer to the table of compensation in the Product Summary.

Important notes: (cont'd)

11. The sum assured for the child will be based on the lower sum assured for the parents if the two parents have a different sum assured. Once the child reaches 6 years old (i.e. 6th birthday), the prevailing monthly premium for the child's sum assured will be charged.

If both parents are public officers and wish to enjoy free coverage for their child, they would have to apply for POGIS on the basis of a main applicant and spouse. If they apply for POGIS separately (i.e. both as main applicants), their child will not be eligible for the free coverage.

12. A survival period of 30 days will apply from the date of diagnosis of the critical illness. For major cancers, coronary artery bypass surgery, heart attack of specified severity, angioplasty and other invasive treatment for coronary artery and other serious coronary artery disease, a waiting period of 90 days from the commencement date or reinstatement date (if any) of the insured's cover, whichever is later, will apply.
13. A survival period of 30 days will apply from the date of diagnosis of the early critical illness. A waiting period of 60 days from the commencement date or reinstatement date (if any) of the insured's cover, whichever is later, will apply.
14. Premiums are payable via GIRO, cash, cheque and AXS. Premium rates are not guaranteed and may be reviewed from time to time. The monthly premiums that you pay during each policy year are based on the sum assured and the insured's ANB as of 1 July each year. Premium rates will change at the next policy year if the insured enters a higher age band. For the full premium rates table, please refer to the Product Summary.
